# **Introduction of New Faculty & New Leadership Positions**

			Introduction by:
Dr. Hanne Ostergaard	ch Institute of Northern	Dr. B. Hemmelgarn	
Dr. Joanne Rodger	y & Accreditation MD	Dr. S. Schipper	
Dr. Vanessa Meier- Stephenson	Assistant Professor	Medicine	Dr. N. Kassam

MD Program Leadership Update & Accreditation of the MD Program

May 18, 2021

- Assistant Dean, Curriculum (TBA)
- Assistant Dean, Academic Affairs (Dr. Brock Debenham)
- Assistant Dean, Admissions
- Black Health Lead (Dr. Eniola Salami)
- Director, Program Quality & Improvement (Dr. Joanne Rodger)
- Curriculum Team Lead (TBA)

- Committee on Accreditation of Canadian Medical Schools (CACMS)
  - Leads the accreditation of programs of medical education leading to the MD Program in Canada

- CACMS membership
  - Includes appointed members from AFMC, CMA, the public, national students' group, Liaison Committee on Medical Education (LCME)

"Medical School" - the M.D. program

- Accreditation promotes medical school self-evaluation and improvement, and determines whether a medical education program meets prescribed standards.
  - Aims to provide assurance that medical educational programs "meet reasonable, generally-accepted, and appropriate national standards for educational quality and graduates of such programs have a complete and valid educational experience sufficient to prepare them for the next stage of their training"

from <u>CACMS-CAFMC</u> website

**Standard 1**: Mission, Planning, Organization and Integrity

**Standard 2**: Leadership and Administration

**Standard 3**: Academic and Learning Environments

**Standard 4**: Faculty Preparation, Productivity, Participation and Policies

**Standard 5**: Educational Resources and Infrastructure

**Standard 6**: Competencies, Curricular Objectives and Curricular Design

**Standard 7**: Curricular Content

**Standard 8**: Curricular Management, Evaluation and Enhancement

**Standard 9**: Teaching, Supervision, Assessment and Students and Patient Safety

**Standard 10**: Medical Student Selection, Assignment and Progress

**Standard 11**: Medical Student Academic Support, Career Advising and Educational Records

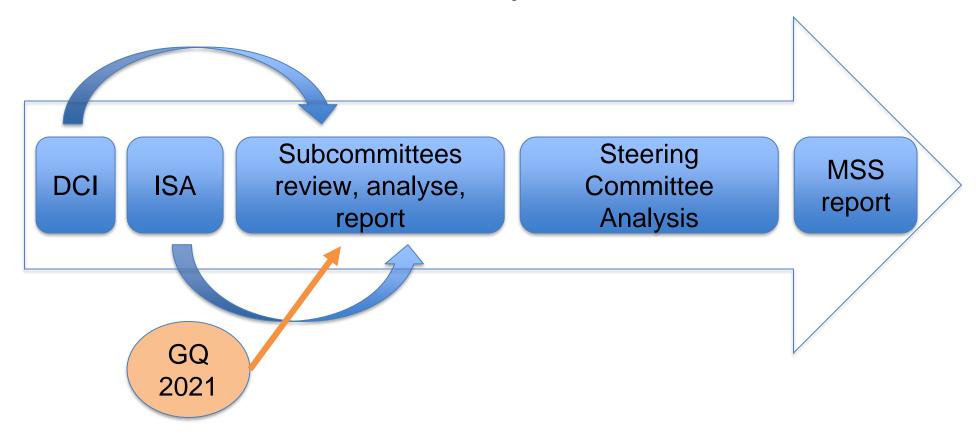

**Standard 12**: Medical Student Health Services, Personal Counseling and Financial Aid Services

- Data Collection Instrument (DCI): a questionnaire that includes information for each
  of the 96 standards and elements. It includes data from the ISA, the Graduation
  Questionnaire (GQ), and other sources.
- Independent Student Analysis (ISA): a comprehensive picture of students' perceptions of their medical education program.
- Medical School Self Study (MSS): representatives of the medical school administration, faculty, student body, and other constituencies:
  - collect and review data about the educational program;
  - assess the evidence of performance on accreditation standards and elements;
  - identify areas that require improvement
  - define strategies to ensure that any problems are addressed effectively.

# **Conduct of Medical School Self-Study**

# **Save the Dates:**

Mock survey:

February 2022

# **CACMS Site Visit:**

October 16-19, 2022

# **Leadership:**

- Joanne Rodger, Director, Program Quality & Accreditation
- Ramona Kearney, Chair, Accreditation Task Force (MSS Steering Committee and Oversight Committee)

## **Medical School Self-Study:**

- MSS Steering Committee (n=25)
- 6 Subcommittees (approx. 8 people each)
- All include student representation

# **Accreditation Oversight Committee**

 Dean Hemmelgarn, Darryl Rolfson, Shirley Schipper, Joanne Rodger, Ramona Kearney

**Committee #1** -- Standards 1 and 2 – medical school leadership, organization, mission and vision

**Committee #2** -- Standards 3 and 5 – academic and learning environment and educational resources

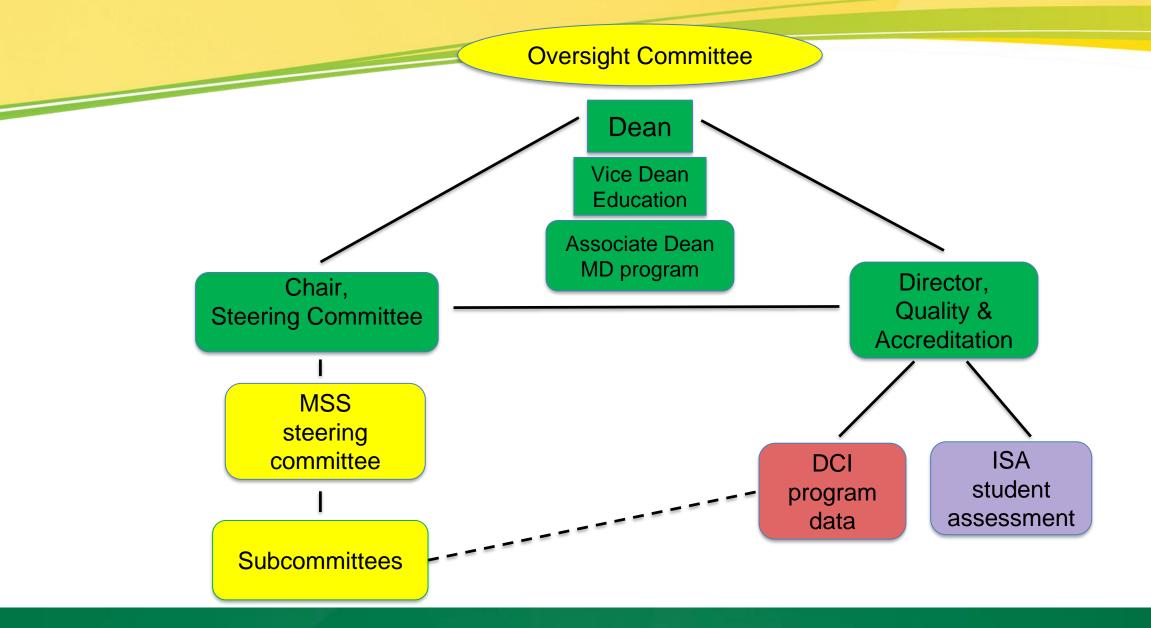

**Committee #3** -- Standards 4 and 9 - faculty members' participation and student assessment

**Committee #4** -- Standards 6 and 7 – competencies, curricular design - objectives and content

**Committee #5** -- Standards 8 and 10 – curricular management, program evaluation, student selection

**Committee #6** -- Standards 11 and 12 – academic support and records and personal resources

# **Based on previous accreditation processes:**

- 1.1 Strategic plan
- 1.4 Affiliation agreements
- 2.3 Access & authority of the dean
- 3.5 Learning environment
- 4.6 Governance & Policy Making Procedures
- 5.2 Dean's authority/resources
- 6.1 Program & Learning Objectives
- 7.6 Cultural competence & health care disparities
- 8.1 Curricular management
- 8.4 Evaluation of program outcomes
- 9.6 Setting standards of achievement
- 11.3 Oversight of extramural electives
- 12.8 Student exposure policies/procedures

# **Based on CACMS List of Top Current Non-Compliant Standards:**

- 1.1.1 Social Accountability
- 3.3 Diversity Programs & Partnerships
- 3.6 Student Mistreatment
- 11.2 Career Advising
- 12.3 Personal counselling / wellbeing programs
- 12.1 Financial aid/Debt management counseling/Student educational debt
- 5.1 Adequacy of financial resources
- 8.3 Curricular design, review, revision/content monitoring
- 9.8 Fair & timely summative feedback
- 5.11 Study/Lounge/Storage Space/Call Rooms
- 7.1 Biomedical, Behavioural, Social Sciences
- 9.2 Faculty Appointments
- 11.1 Academic Advising

# Save the Date for October 16-19, 2022!

# Vice-Dean, Faculty Affairs – Dr. D. Kunimoto

Department Chair Reviews/Search & Selection Update						
Department of Radiology	Recommendation made to the Dean					
Department of Obstetrics and Gynaecology	Candidates Shortlisted	Decision June 2021				
Department of Psychiatry	Ad Posted – First consideration date of applications: June 8, 2021	Decision July 2021				

FoMD Standing Committees – 2021						
Faculty Affairs Committee	3 available seats – 2 of which are basic science					
Faculty Evaluation Committee	3 available seats					
GFC	5 available seats					
Nominating Committee	3 available seats – 2 clinical, 1 basic science					
Faculty Learning Committee	2 available seats					
Faculty Academic Appeals	1 available seat					
Faculty Research Committee	2 available seats					
IHI Admission Sub-committee	1 seat available					
MD Admissions Committee	4 seats available					

# DOCUMENTING THE EFFECTS OF THE PANDEMIC ON ACADEMIC FACULTY MEMBERS For the 2020-2021 Review Year

While the Pandemic has had immediate effects on all academic faculty members, that effect has not been uniform across the University with some staff members experiencing substantial negative effects on the performance of their University responsibilities while others have benefited or experienced little or no disruption. Furthermore, evidence has shown that women, equity-seeking groups, and staff members with caregiver responsibilities have experienced the most adverse impacts on their work.

The Statement of Pandemic Impacts as described in this document will account for interruptions, delays, opportunities, and atypical circumstances that have impacted normal productivity expectations. It is expected that the Statement of Pandemic Impacts (the "Statement") may range from no impacts to substantial impacts, both negative and positive.

The following processes will take into account, and allow for formal assessment, the effects of the Pandemic that are reported in staff members' Statements:

- a. Decisions on probationary period extensions;
- b. Award of tenure and continuing appointments;
- c. Promotions;
- d. Approval of sabbatical leave applications;
- e. Evaluation of sabbatical leave reports;
- f. Annual evaluation for merit;
- g. Contested and reconsideration cases; and
- h. GAC appeals.

With a fixed merit pool, productivity in an area is normally assessed compared to others at the same rank and similar protected time for that area. This documentation of the effects of the Pandemic gives Deans, Chairs and FECs an accurate account of staff members' circumstances under conditions created by the Pandemic and facilitates a fair, contextualized assessment of staff members' performance..

### STATEMENT OF PANDEMIC IMPACT FOR ACADEMIC FACULTY MEMBERS

- 1. The Statement may include a description of personal circumstances; however, the staff member should outline only the general nature of the circumstances (e.g., medical, bereavement, family responsibilities such as providing care for dependent children or adults, ever-changing school arrangements, federal and provincial response requiring logistical considerations, etc.) and not include specific details. Citing the inability to work or to only work at a reduced capacity due to the stated circumstances will be sufficient for the impact of the circumstances to be taken into account.
- 2. In the case of promotion dossiers, the Statement will be provided to all internal and external reviewers and should describe:
  - 1. the impact the Pandemic has had on workload, performance and trajectory in each of the relevant areas of University responsibilities; and
  - 2. how the staff member has adjusted, or plans to adjust, their work in light of the Pandemic to continue or re-build their trajectory.
- 3. The Statement should not be longer than two pages.

#### THE STATEMENT:

The Pandemic's impact on staff members will not change the Faculty's standards; however, the statement will provide an opportunity for staff members to:

- 1. Detail how their work changed, the steps they have taken to address the impacts, and any achievements that have resulted from those actions;
- 2. Reflect on both positive and negative impacts, as relevant, and to highlight achievements that may not be otherwise visible;
- 3. Describe how their teaching responsibilities were affected by the use of new methodologies and technology with different expectations;
- Detail how research programs were specifically impacted (i.e: lab closings, access to participants/populations, team challenges, increased workload in another area, increased costs, etc.); and
- 5. Comment on disruptions to expected resources (including time), potential opportunities, and planned activities through circumstances beyond their control. Staff members may also explain how they adapted to overcome these challenges and note how these adaptations represent a form of productivity during this period.

### MATTERS TO CONSIDER WHEN WRITING THE STATEMENT

While this is not an exhaustive list, staff members may consider the following elements. Faculties may develop additional items that are particularly relevant to their disciplines.

- Remote or hybrid instruction requiring the expenditure of significant amounts of time learning new pedagogical methods, or developing new pedagogical and technological approaches, and revision of materials;
- 2. Adaptations, through the use of technology, to traditional methods of assigning and assessing work;
- 3. Changed student advising/mentoring activities at a time of heightened stress;
- 4. Personal space issues affecting productivity;
- 5. Cancellation or rescheduling of creative works, performances and exhibitions;
- 6. Cancellation or alteration of field courses, labs, etc.;
- 7. Cancellation or rescheduling of community engaged educational programs;
- 8. Interruption or alteration of delivery of clinical teaching and supervision of internships; the need to revise how those programs are designed and delivered;
- 9. Increased clinical practice time due to front-line delivery of services;
- 10. Required revisions of research and teaching assistantship activities for undergraduate and graduate students who are under instructor supervision;
- 11. Cancellation, rescheduling, or alternate delivery of academic conferences related to teaching professional development;
- 12. Cancellation, rescheduling, or alternate delivery of academic conferences related to the presentation or other sharing of academic/scholarly/research papers;
- 13. Sabbatical interruptions, postponements or adjustments;
- 14. Lab closures and/or loss of research material;
- 15. Impacts on grant funding, including changes in the priorities of granting agencies, cutbacks in funding available, increased costs of research, new grant funding opportunities, and some

- collective agreement requirements to continue to pay students, postdocs and technicians even if not advancing projects;
- 16. Inaccessibility of field work sites, human subjects, libraries, archives, and other research collections;
- 17. Delays in journal review process and publication schedules;
- 18. Suspended or curtailed or altered traditional and ad hoc service assignments,
- 19. Greatly increased clinical service responsibilities for some; resulting in less time and energy for academic work
- 20. Changes for external service responsibilities such as journal editorships, chairing of academic conference sessions, professional organization service, and other integrated scholarly service/engagement.

# FoMD Faculty Council Meeting May 18, 2021

Research

# **Data Analytics Research Core (DARC)**

- Provides high-performance computing in a secure environment for health data
- Enables health data sharing for research
- Invests in precision health and Al for health research
  - recent purchases of 2 new servers, SAS Viya platform and an 8 GPU server
- Governed by the FoMD Information Management Steering Committee

# **Announcing SAS® Viya® in DARC**

- SAS Viya is the standard for AB health analytics
- It is an AI, analytic and data management platform that runs on a modern, scalable architecture
- Faster processing for huge amounts of data
- Standardized code base for programming in SAS and other languages (e.g. Python and R)
- Provides a secure, scalable multi-user environment for concurrent data access
